

MAUVAIS SORT

Free Community Workshop

**March 11, 2010
6:30-7:30pm
Alexandria Technical College
Auditorium 743**

Mauvais Sort, whose name translates from French to mean “to put a spell on someone,” has a musical style which is extremely hard to define, yet unique and true to its traditional roots. By combining traditional lyrics with contemporary musical compositions or by mixing their own original stories with old, folk rhythms, the group will turn your perception of Québec traditional music upside-down.

The band creates a new musical style: Folk ‘n’ roll. “Folk” for the inspiration, the foot stomping, the accordion, the fiddle, and the guitar; and “roll” for the arrangements, the bass, the drum, the percussion, and the energy.
