Jane Elliott, internationally known teacher, lecturer, diversity trainer, and recipient of the National Mental Health Association Award for Excellence in Education, exposes prejudice and bigotry for what it is, an irrational class system based upon purely arbitrary factors. And if you think this does not apply to you. . . you are in for a rude awakening.

In response to the assassination of Martin Luther King, Jr. over thirty years ago, Jane Elliott devised the controversial and startling, "Blue Eyes/Brown Eyes" exercise. This, now famous, exercise labels participants as inferior or superior based solely upon the color of their eyes and exposes them to the experience of being a minority. Everyone who is exposed to Jane Elliott's work, be it through a lecture, workshop, or video, is dramatically affected by it.
